

#### **Health Profile**

Our 30/10 program is intended to help participants with their personal weight loss efforts. We are not a medical facility, and our staff cannot give you medical or psychological advice. You should consult with a physician before beginning any weight-loss program, but especially if you have any health conditions or are taking medication.

Examples of foods:
Other:  Do you prefer: □ Sweet Foods □ Salty Foods □ Fatty Foods  How many glasses of water do you drink per day? glasses  How many 8 oz cups of coffee do you drink per day? cups  Do you drink soda? □ Diet □ Reg □ None  Do you drink alcohol? □ Y □ N If so, what and how often:

### CASH Scale: Compulsions or Cravings/Appetite/Satiety/Hunger

Score each item on a 0-10 numbering scale. Each feeling represents a different part of the brain and different neurotransmitters.

#### Compulsions/Cravings

Feeling or urge to eat when not hungry. You are full. There is no food in sight. You get an urge to eat which cannot be repressed.

#### **Appetite**

Feeling of hunger stimulated by sight, sounds, smells or social cues. You recently ate and feel full. You walk into a room. There is food everywhere. It looks and smells good. Everyone is having fun. You:

#### Satiety

A feeling of fullness acquired during eating. When you eat, you usually:

Leave food on plate One plate only Seconds Thirds

#### Hunger

That feeling of a pain or ache in your stomach when really empty. This is a true pain or discomfort.

## This office is a licensed distributer of 30/10 Weight Loss for Life

Signature:	Date:

The signatory client hereby recognizes the accuracy of the information provided herein.

### Informed Consent for 30/10 Weight Loss Program

The 30/10 WLFL solution is designed to help you to lose weight. You will be eliminating junk foods and sugars in your current diet and replacing them with foods and products your body can more effectively utilize. You will be encouraged to prepare a dinner meal for yourself consisting of an animal protein of your choice (beef, chicken, pork, fish...) and two or more cups of vegetables for both dinner and lunch. We will be providing you with food products to support a healthy protein intake for your breakfast, lunch and mid-day snack.

Your payment for 30/10 services is based upon the number of weeks on the program you sign up for, not upon the number of pounds you have to lose.

Weight loss requires a healthy diet and fitness program. There is no guarantee this program will work for you because your success depends upon a variety of factors, including your commitment to the program. If you deviate from the program you may not realize your desired results.

The 30/10 Weight Loss Solution is about working toward weight loss for life, not just a short term weight loss goal.

You are encouraged to call the office any time during office hours with any questions or support you may need. We are here to help you and we want you to succeed.

The 30/10 program is intended to help participants with their personal weight loss efforts. We are not a medical clinic and our staff cannot give you medical advice or diagnosis. Nothing in our program should be construed as medical or psychological advice or diagnosis. The information provided by 30/10 is not a substitute for physician consultation, evaluation or treatment.

As you lose the weight you should contact your family doctor to check on your health. You should never take yourself off any medications; you must always consult with your family doctor regarding reducing or stopping medications.

I have been informed as to the 30/10 protocol and I am prepared to engage the process.
